Trusted Driver Program Launch

Former law enforcement officers team up with the city of Windcrest for a pilot program to eliminate unnecessary traffic stops.

WINDCREST, Texas – City officials will announce the launch of an innovative solution which will allow minor traffic violations to be handled via a driver's cell phone, effectively eliminating unnecessary traffic stops. Former San Antonio Police officers with nearly 100 years of law enforcement experience wanted to find solutions to save you time, cost and the chance of a dangerous roadside encounter due to the environment or a miscommunication. They had to unpack and solve the problem from the outside looking in, and that's why they created My Trusted Driver for you.

WHAT: Trusted Driver Program launch

WHEN: Saturday, January 15, 2022

WHERE: Windcrest Civic Center, 9310 Jim Seal Drive

WHO: Val Garcia, Trusted Driver CEO
Aric Jimenez, Trusted Driver CTO
Mayor Dan Reese, Windcrest
Chief Darrell Volz, Windcrest Police Department
Rafael Castillo Jr., Windcrest City Manager

The Trusted Driver Program is an innovative solution that reduces the interaction between police and the public while maintaining public safety goals. We are proud to partner with the City of Windcrest to pilot our program.

- *Signing up for Trusted Driver is voluntary and free, at no cost to you using your cell phone.*

- *Once your profile is created, law enforcement can verify your identity and not pull you over for minor traffic violations. Officers can issue warnings and also provide positive feedback for good driving habits.*
- *Notifications are done using your cell phone.*
- *Our program will allow you to pay the citation and/or make arrangements with the court online. There is no need to take time off and wait in court for hours at a time.*
